### EMERGENCY ROAD REPAIRS: LANE RESTRICTIONS (Keystone Crossing Drive)

Director of Community Outreach: [Joel Smith](#) from City of Indianapolis · 15 Mar 18

FOR IMMEDIATE RELEASE

March 15, 2018

DAY 18 - DPW EMERGENCY ROAD REPAIRS; LANE RESTRICTIONS ALONG KEYSTONE CROSSING DRIVE

The Indianapolis Department of Public Works (DPW) announced today that there will be lane restrictions along Keystone Crossing Drive, from Haverstick Road to Sand Point Way due to road repairs (See map below.)

During the road repairs, DPW will guide traffic to ensure safe and accessible travel through Keystone Crossing Drive for both DPW crews and drivers. DPW asks that drivers please look out for DPW crews and their safety. The repair work is expected to end Friday, weather permitting.

Once work is complete, DPW lane restrictions along Keystone Crossing Drive, from Haverstick Road to Sand Point Way will be removed. DPW is currently evaluating this segment of road to design a more permanent fix to this road.

This work is in addition to continued pothole filling and strip patching work on city streets.

A full list of street segments to be targeted for strip-patching or pothole filling for tomorrow is available here. The accompanying map also shows street segments completed to date.

Residents can visit DPW's homepage to view DPW's emergency road repair plan for each day.

DPW encourages residents to report potholes to the City via the Mayor's Action Center (317-327-4MAC), by accessing [indy.gov/requestindy](#), or by using the RequestIndy smartphone app.
