

## The Oliver Avenue bridge and the McCarty Street Bridge will Close for Construction

For Immediate Release  
February 20, 2018

**INDIANAPOLIS** – The Indianapolis Department of Public Works (DPW) announced today, that the pair of bridges along Oliver Avenue and McCarty Street, between South Harding Street and Kentucky Avenue will close on or after February 26, 2018 for construction. Construction entails the rehabilitation of the Oliver Avenue bridge and the widening of the McCarty Street bridge.

DPW plans to complete construction on both bridges in the summer of 2019.

During the closure, the following detour route will be posted:

**Traveling eastbound on Oliver Avenue towards the Oliver Avenue and McCarty Street Intersection:** Turn right to head south on South Harding Street; turn left to head east on West Morris Street; turn left to head north on Kentucky Avenue.

**Traveling westbound on West McCarty Street towards Oliver Avenue:** Turn left to head south on Kentucky Avenue; turn right to head west on West Morris Street; turn right to head north on Harding Street, then turn left to continue heading west on Oliver Avenue (See detour map below).
